Summary: in collaboration with other state and non-profit agencies, provides support, training and technical assistance to families and teams who work with infants, toddlers, and youth with deafblindness throughout the state. The project operates under the leadership and management of Missouri School for the Blind, Department of Elementary and Secondary Education.

Goals of the project are achieved through six major objectives:

- Assist local and state agencies in the identification, tracking and referral of infants, children and youth with deafblindness to enhance services.
- Provide an array of technical assistance activities that increase family engagement and leadership, parent education and parent networking.
- Provide an array of technical assistance and training activities to service providers that improves services and outcomes.
- Strengthen the statewide interagency collaboration model designed to build local capacity, facilitate systems change and eliminate duplication.

- Implement a dissemination plan which ensures access and availability of information about the Project, deafblindness, research, resources and practice to its stakeholders.
- Measure and evaluate needs, outcomes and impact for children and youth with deafblindness, their families and service providers.
- Evaluate and measure impact and benefits to children with deafblindness, their families, and their service providers.

#### **Programs:**

# **Equipment Technology Consortium (ETC)**

ETC is a short-term assistive device loan program for Missouri schools and agencies. A school or agency can borrow from a pool of over 900 devices including augmentative communication, computer access, environmental controls, hearing devices, telecommunications, visual aids, and learning aids. The program can be utilized free of charge. Equipment can be borrowed for up to six weeks for trial before making a purchasing decision, for use while equipment is in for repair, or for other short-term needs. For more information, please call (816) 655-6708 or review information at <a href="http://at.mo.gov/device-loan/">http://at.mo.gov/device-loan/</a>

Telecommunications Access Program (TAP): <a href="http://at.mo.gov/telecom-access-program/">http://at.mo.gov/telecom-access-program/</a> For more info, contact (800) 647-8557 (voice) or (800) 647-8558 (tty).

**Telephone:** TAP for Telephone provides adaptive telephone equipment for Missourians with disabilities who have telephone service and who have difficulty using standard telephone equipment for voice calling. TAP-T provides adaptive equipment for all disabilities including text telephones and amplified telephones for hearing disabilities, hands free and remote controlled phones for mobility disabilities, voice dialing and Braille dial pads for vision disabilities, and photo phones for cognitive disabilities.

**Internet:** The Telecommunication Access Program for Internet (TAP-I) provides to Missourians with disabilities the adaptive computer equipment needed for basic access to the internet and email. TAP-I provides a range of adaptive equipment including screen reading, enlarging systems, refreshable Braille displays, adaptive software, alternative keyboards and pointing devices. Consumer support is provided throughout the state to assist applicants in determining the adaptive equipment they need and to provide training for consumers after equipment delivery.

**Wireless Port:** The new Telecommunications Access Program **(TAP) Wireless Project** will provide wireless equipment for participants with disabilities who may not traditionally have access to this equipment. The world of telecommunications is changing drastically and new improvements in accessibility are being introduced for persons with disabilities. The project covers equipment from a very simple large button cell phone to an iPhone® or iPad®, with accessibility apps pre-installed.

# Deaf-Blind Equipment Distribution Program (iCanConnect): <a href="http://at.mo.gov/deaf-blind-equipment-distribution/">http://at.mo.gov/deaf-blind-equipment-distribution/</a>

The goal of the deaf-Blind Equipment Fund is to ensure that every person with combined hearing and vision loss has access to modern telecommunication tools and the training necessary to use them. Missouri Assistive Technology (MoAT) is certified by the FCC to administer the project in the state of Missouri. The program covers a variety of equipment based on the individual participant's distance communication needs. Individuals apply for technology such as an iPhone or iPad or computer with magnification software or a screen-reader. Other equipment may include a neckloop, Braille display, or large-print keyboard. Contact Brenda with questions about the program, brenda.whitlock@att.net or 816-655-6700.

# Missouri AT Regional Demonstration Centers: <a href="http://at.mo.gov/information-resources-publications/demonstration.html">http://at.mo.gov/information-resources-publications/demonstration.html</a>

With locations throughout Missouri, these centers are charged with providing hands-on demonstrations of a range of assistive technology. For more info and exact locations, contact (816) 655-6703 or email David.bkr@att.net.

# Missouri AT Recycling Program: http://at.mo.gov/recycle-reuse/

The Statewide Recycling network offers recycled and refurbished durable medical equipment such as manual and power wheelchairs, walkers, hydraulic lifts, feeder seats, bathroom equipment and other similar devices. Included are other technology devices such as computers

#### **AT Reimbursement Program**

The Division of Special Education provides funding for districts to obtain assistive technology required in student IEPs. Missouri Assistive Technology is administering the program through an application process. Eligible assistive technology includes adaptive devices and systems necessary for delivering an appropriate educational program for students with disabilities. The assistive technology must be identified in a student's IEP. For more info call (816) 655-6709, (800) 647-8557, or email john.effinger@att.net .

#### **Show-Me Loans**

Show-Me Loans is a low-interest loan program for individuals with disabilities and their families to borrow money for the purchase of assistive technology. Assistive technology eligible for loans includes but is not limited to braille equipment, hearing aids, environmental controls, housing access modifications and motor vehicle access modifications. For more information, contact (816) 655-6702, (800) 647-8557, or email <a href="mailto:Eileen.belton@att.net">Eileen.belton@att.net</a>.

#### **Kids Assistive Technology**

Kids Assistive Technology (KAT) can be a resource for families of low to moderate income when needed for purchase of assistive technology (AT) for children through age 20. The purpose is to provide help when no other funding source is available, or when other funding sources are not adequate to cover the costs of the needed item. KAT can help with costs of minor home access modifications, vehicle access such as wheelchair lifts, and for AT such as Braille or low-vision devices, augmentative communication devices, wheeled mobility, hearing devices, etc. For more information, contact (816) 655-6702 or email <a href="mailto:eileen.belton@att.net">eileen.belton@att.net</a>.

# **Power Up Conference and Expo-Training**

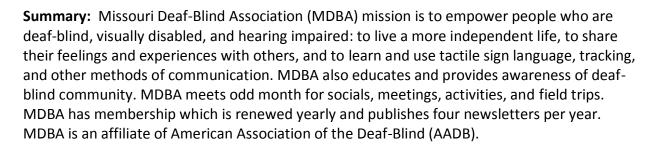

The annual Assistive Technology Conference and Expo draws participants, presenters, and vendors from Missouri and throughout the nation. Power Up is scheduled for March or April in mid Missouri. Check their website for updates. Missouri Assistive Technology also provides training on assistive technology topics at statewide and regional conferences and events.
